

David Ingersoll Joins Sound Seal, Inc. as Director of Business Development

David Ingersoll brings over 14 years of experience in the soundproofing and noise control industry to Sound Seal.

Agawam, MA ([PRWEB](#)) July 07, 2014 -- Sound Seal Inc. has appointed David Ingersoll as the Director of Business Development for the Architectural and WoodTrends Divisions. With over 14 years of experience in the soundproofing and noise control industry, Ingersoll began his career with Acoustical Solutions where he held positions as Sales Manager, Director of Business Development and ultimately General Manager.

Ingersoll stated, “It was a natural progression to join Sound Seal, a strong company that shares the same values and vision for the acoustical market as I do. Sound Seal has always offered the best service and solutions to their customers, while maximizing aesthetic appeal with their products and finishes to ensure that each client they work with is highly satisfied with the end result.”

In his role as Director of Business Development, Ingersoll will be working with Sound Seal’s network of distributors and representatives to grow and expand the Architectural and WoodTrends lines of acoustical products. He looks forward to working with architects, designers, acoustical consultants and engineers to use Sound Seal’s extensive line of products to solve acoustical problems.

About Sound Seal

Sound Seal Inc. is a leading manufacturer of commercial and architectural acoustic noise control products offering the widest product selection in the soundproofing industry. For over 35 years Sound Seal has delivered innovative solutions and outstanding customer service through its three divisions: Industrial, Architectural and Impacta Flooring. The Industrial Division handles in-plant noise and environmental noise control, the Architectural Division handles interiors and finishes including an award winning line of WoodTrends products, and the Impacta Flooring Division handles floor underlayments.
