WOODTRENDS
BY SOUND SEAL

STANDARD
PRODUCT DATA SHEET

WoodTrends Standard for walls and ceilings is a **traditional wall panel product that combines the warmth of wood with excellent acoustical values.** In its standard form, WoodTrends Standard is acoustically reflective; when perforated, it offers sound absorption. The product consists of a MDF core material with a face veneer and a rear balancing veneer. The applied finish is two coats of UV-polyacrylate clear lacquer for a natural and polished look.
