WOODTRENDS
BY SOUND SEAL

WOODGRILLE®
QUICK SHIP WALL/CEILING PANELS

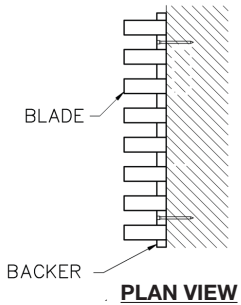

- WoodGrille panels are assembled using inlaid wood backer.
- WoodGrille panels are 1' wide x 8' long (nominal), with 2 to 8 blades per panel. Blade widths are 3/4", with blade height of 2" or 3". Ash only available in the 2" blade height.
- Grilles can be installed using self-tapping screws through the backers into the T-grid for ceilings or into wood furring for walls.

OPTIONS:

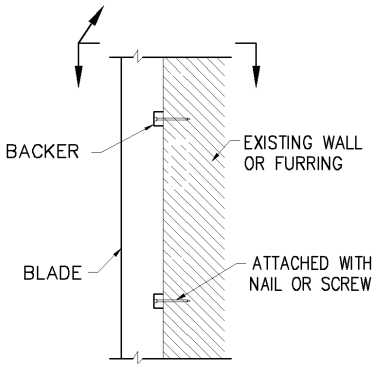

- Easy installation with our backer clips suspended from a heavy duty 15/16" T-grid ceiling.
- Acoustical fleece (black) can be added upon request.
