

Sound Seal Acquires Acoustical & Tackable Surfaces Inc (ATS)

AGAWAM, Mass. – August 21, 2019 – Sound Seal, a leading manufacturer of noise control products serving the industrial, architectural, commercial and construction industries, announced today that they have acquired Flemington, New Jersey based Acoustical & Tackable Surfaces Inc (ATS). ATS is a long time manufacturer and installer of acoustical wall and ceiling panels. The manufacturing of ATS panels will be immediately transitioned to Sound Seal's world class manufacturing facility in Agawam, Massachusetts.

“The ATS product and service portfolio is a perfect addition to our thriving architectural business”, said Joe Lupone, CEO of Sound Seal. “Our lean practices support a culture of continuous improvement, unmatched product quality and customer service. Furthermore, Sound Seal will extend sophisticated marketing and commercial resources that support rapid growth and scale. This acquisition is a prime example of Sound Seal taking another positive step toward strengthening our overall position in noise control.”

Scott Randolph, the founder of ATS, will join Sound Seal in the capacity of New Business Development. “ATS has been a strong and independent player in the architectural space for over 20 years”, said Randolph. “It is both satisfying and exciting to now transition this business that I have built from the ground up, to be a part of something bigger. The Sound Seal product portfolio is broad and robust. I am very excited to join this team and lend my experience to growing the architectural business.”

###

About Sound Seal

Since 1978, Sound Seal has been a leading manufacturer of acoustical noise control products, offering the widest product selection in the soundproofing industry with innovative solutions and outstanding customer service. Sound Seal consists of three product divisions: the Industrial Division that addresses in-plant and environmental noise control; the Architectural Division that handles interiors and finishes, including an award winning line of WoodTrends products; and the Impacta Flooring Division that offers floor underlayments. IAC Acoustics, a division of Sound Seal, offers Acoustic metal solutions including HVAC silencers, acoustic louvers, sound control architectural doors and windows and sound proof rooms.
