

Sound Seal Introduces New State of the Art Website

AGAWAM, Mass. – June 27th, 2019 – Sound Seal, a leading manufacturer of noise control products serving the industrial, architectural, commercial and construction industries, announced today the introduction of a new and improved, state of the art website.

Sound Seal is proud to announce the launch of its newly redesigned website at www.soundseal.com.

The new site features a streamlined, modern design, improved functionality, and easy access to product information.

“We are very excited to launch this upgrade to our website.” Said Jennifer Chagnon, Marketing Director for Sound Seal. This site reflects all of the most current technology used to optimize user experience and search engine viability. The site includes many new features to help users quickly and easily navigate the site and find the information they are looking for within seconds”.

Visitors to the new site can stay informed with the latest Sound Seal and industry news through the new [blog](#) section. The blog contains richer online content such as technical tips, press releases, featured products and case studies.

###

About Sound Seal

Since 1978, Sound Seal has been a leading manufacturer of acoustical noise control products, offering the widest product selection in the soundproofing industry with innovative solutions and outstanding customer service. Sound Seal consists of three product divisions: the Industrial Division that addresses in-plant and environmental noise control; the Architectural Division that handles interiors and finishes, including an award winning line of WoodTrends products; and the Impacta Flooring Division that offers floor underlayments. IAC Acoustics, a division of Sound Seal, offers Acoustic metal solutions including HVAC silencers, acoustic louvers, sound control architectural doors and windows and sound proof rooms. For more information, please visit www.soundseal.com or call 413-789-1770.
