C-200 & C-200B

ACOUSTICAL CEILING TILES

Sound Quality® Ceiling tiles are offered as both a sound absorbing as well as a combination sound absorbing/sound blocking tile.

C-200 Ceiling Tiles have a white nubby cloth facing attached to a 1" or 2" thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

C-200B Ceiling Tiles take the standard C-200 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.

FINISH
