

POLY-COUSTIX®
BY SOUND SEAL

POLY-COUSTIX®

SUSTAINABLE. VISUALLY APPEALING. ACOUSTICALLY EFFECTIVE.

POLY-COUSTIX

DISCOVER YOUR SOFTER SIDE.

Made from 100% PET, Sound Seal's

Poly-Coustix product line is the perfect combination of innovative design and quality acoustical performance. With multiple color and configuration options, there are endless creative solutions for your space.

VERTEX BAFFLE® CLASSIC STYLE.

Vertex Baffles are constructed with two layers of 9 mm Plex-Board and a center air space for maximum sound absorption. Combine that with the benefit of our wide array of beautiful PET felt sound absorbing material, and you've got the perfect match to your acoustical needs.

soundseal.com/vertex

VERTEX SLIM® BAFFLE REFINED.

Vertex Slim Baffles are visually modern and elegant while highly effective for a range of acoustical challenges. Vertex Slim is a narrower version of our highly popular Vertex baffles and is offered in straight and wavy designs, providing simplistic design and function.

STRATUX CLOUD® FLOATING GRACEFULLY.

Stratux Clouds offer an acoustically superior recycled PET felt surface that works in tandem with our uniquely designed internal air cavities to provide excellent acoustical benefits. Stratux Clouds are available in a variety of shapes and colors giving you endless design possibilities.

soundseal.com/stratux

OBLIX™ BAFFLE SHOWSTOPPER.

The Oblix Baffle is at the same time visually bold and beautifully clean. The product's distinctive lines add interest to a space with the added acoustic benefits they afford. Hang multiple Oblix baffles in succession for added impact or choose a distinctive color to create a real showstopper.

TETRIX®

SOLVE THE PUZZLE.

Tetrix blocks can quickly and easily be applied to wall surfaces using adhesive or clips. Constructed of 9 mm recycled PET felt and available in a multitude of colors, Tetrix can blend in, or stand out—the choice is yours. The chamfered edge detail provides for a nice, polished look.

soundseal.com/tetrix

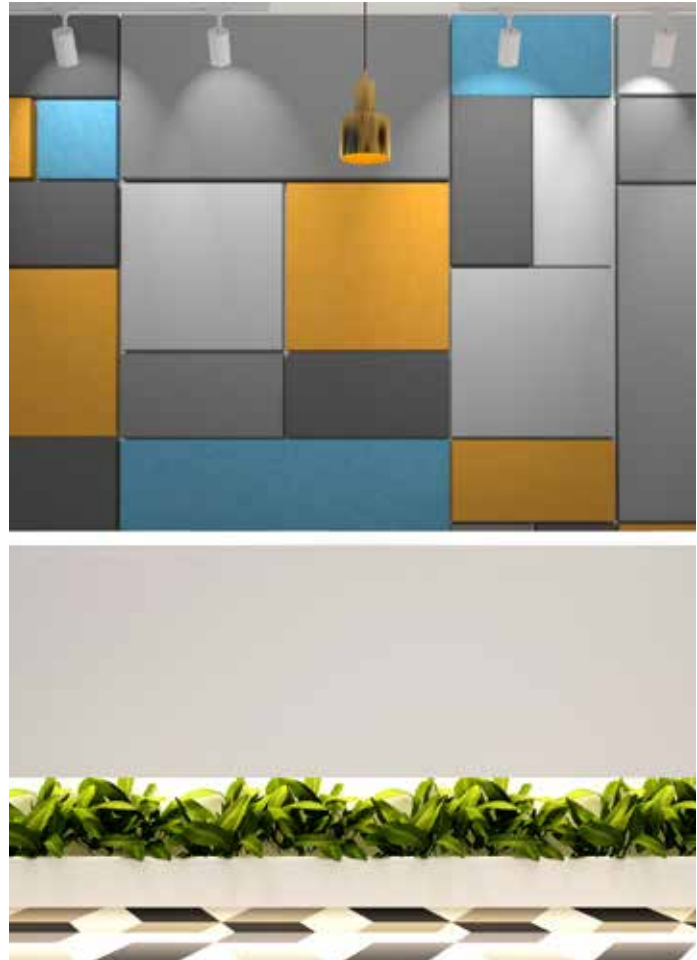

TETRIX AIR®

THE SECRET IS OUT.

Patent-pending secret access panels on the face of Tetrix Air allow the product to be installed quickly and accurately from the front, with the hardware entirely concealed once installed. Choose from varying tile sizes and colors to personalize your space to suit your décor and design preference.

TRI-HEX[®] GEOMETRY AT ITS FINEST.

Tri-Hex Panels are the perfect signature piece to complement any space. The sleek and angular panels are designed to fit tightly together, making it effortless to create custom geometric patterns, while the product's air cavity helps to improve acoustics.

soundseal.com/tri-hex

PLEX-BOARD®

COLORFUL GREEN BUILDING.

Attach Plex-Board directly to a wall or ceiling to create a modern design or layout. Plex-Board is available in 9mm or 12mm in a full array of color options to create the visual impact of your choosing.
