C-300, C-300B, C-300T & C-300BT ACOUSTICAL CEILING TILES

Sound Quality® Ceiling tiles are offered as both a sound absorbing as well as a combination sound absorbing/sound blocking tile.

C-300 Ceiling Tiles have a white fabric facing attached to a 1" or 2" thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

C-300B Ceiling Tiles take the standard C-300 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.

FINISHES

- Signature white fabric facing
- Option for any Guilford of Maine FR701-2100 fabrics

ACOUSTICAL
